WHAT *IS* ORIENTEERING, ANYWAY?
I'M GLAD YOU ASKED, APRIL!
ORIENTEERING IS A SPORT THAT WAS INVENTED IN SCANDINAVIA.
THE OBJECT IS TO WORK YOUR WAY FROM THE START OF A COURSE TO THE END, FINDING EACH ORANGE-AND-WHITE FLAG, OR *'CONTROL POINT,'* ALONG THE WAY.
AND THE ONLY TOOLS YOU'RE ALLOWED TO USE ARE A COMPASS AND A SPECIAL TOPOGRAPHICAL MAP!
IT TAKES SOME THINKING AND PLANNING, BUT IT'S A ***LOT*** OF FUN.
THAT ***DOES*** SOUNDS FUN!
MAPS? AND PLANNING? SIGN ME UP!
I BET I CAN USE TRIGONOMETRY TO HELP DETERMINE OUR COURSE!
